**2009-2010 Chaparral High Fundraising Activities  
Sponsored by CHAPTS**

Dear Friends of Chaparral High School,

The Chaparral High Association of Parents, Teachers and Students (CHAPTS) is beginning its' 2009-2010 fundraising activities. Several fundraising activities are planned for the school year including an on-line auction which will begin during the month of November. The goal of our fundraising activities is to raise funds that will benefit all the students at Chaparral High School. One of the biggest events we fund is Project Graduation, an all night alcohol and tobacco free party for the graduating seniors. Also, our classrooms are lacking much needed items that CHAPTS hopes to provide with the proceeds from our fundraisers.

We take great pride in the fact that Chaparral High School continues to receive an "Excelling" rating, the highest possible rating from the State of Arizona Department of Education. We are able to continue to provide this top level of education through the generous support of our community.

Any **tax-deductible** donation you can give to support our efforts will be greatly appreciated. We will give you special recognition as a contributor in our all school newsletter and in any programs given to guests during our spring event. We will also make a special point of asking the community to support your foundation as a friend of Chaparral High School.

Thank you in advance for supporting the 2009-2010 CHAPTS fundraising activities.

Sincerely,

Kathy Barney  
CHAPTS President
