

As the holidays are upon us, we, as parents, appreciate the many opportunities available to our students each and every day. The learning environment at Chaparral has been greatly enhanced with the recent reconstruction of our campus buildings and facilities. Most importantly, we have teachers and administrative staff who are deeply committed to teaching and enriching the lives of our children.

With the escalating costs of construction, some of the improvements we had hoped for were not feasible. There simply was not money available in the budget to allow all these dreams to come to fruition. The Chaparral family of students and teachers still has a substantial "wish list" to upgrade and complete these projects. The money for them is simply not available through the SUSD operating budget or funds we receive from the State.

CHAPTS invites our families to help fulfill the wish lists of our teaching community and the needs of our students. Please look at the attached list for an item or two that you may be willing to "purchase". Your donation and designation to CHAPTS will ensure that an item can be delivered to that department. Parents can also make a donation labeled "wish list," our administrative team will work with the different departments to prioritize the needs. Best of all, you will be making a difference now and for years to come.

As we celebrate the holidays, please consider keeping CHS and our students' learning needs on your gift list. Your donation to CHAPTS is tax-deductible. The wish list is attached for your review.

NAME: _____

ADDRESS: _____
